Description Reviews(0)

Material: EVA

Features: Our slippers are made of EVA material which does not contain harmful substances. It is very flexible and wear resistant. The rubber soft sole material is added to the sole and has a strong grip, which can reduce sweating and make walking more safe and stable.

Note: Due to the high quality EVA material inconsistency, please do not expect a high consistency.

Cautions

- This shoe body is made of an EVA material and is not guaranteed to be waterproof. However, it is recommended to place the product in a well-ventilated place.
- The product is waterproof and mold-resistant, but should not be immersed in water for long.
- The product is not suitable for wet or dust-free and dust-free areas.
- Regularly

Women

Size	Length (mm)	Size	Length (mm)
W36/W5	235-230	M38/W7	250-250
W37/W6	238-240	L40/W8	260-260
L38/W8	240-250	XL39/W9	270-270

How To Measure

1. Place your foot on a piece of paper. Mark the points at the tip and the heel of the foot with a pen or pencil. The distance between the points is the length.
2. Feet are not perfectly symmetrical. Use the measurements of your slightly larger foot.
3. Use the measurement to buy footwear based on foot width as well. For a high instep with a wider shape, we recommend going up a size. For a smaller instep with a slimmer shape, we recommend going down a size.

Payment & Security

Your payment information is processed securely. We do not store credit card details nor have access to your credit card information.
