

MORE HOT WATER, LOWER ENERGY COSTS

Save With a \$700 Rebate and Increased Energy Efficiency

Water heating is the second largest energy expense in the average home—it makes up around **14–18% of your utility costs**. When you purchase an **ENERGY STAR® certified hybrid water heater**, you'll save energy and money with every drop of hot water. Plus, we can help you save even more with a **\$700 rebate** on select models.

[GET YOUR REBATE](#)

ENERGY STAR certified hybrid water heaters:

- Save more than 50% on water heating energy costs—up to \$3,500 in lifetime savings for a family of four
- Often pay for themselves in energy savings in two years or less

Get rebates on additional ENERGY STAR certified products like dehumidifiers, air purifiers, and more, at [pepco.com/ApplianceRebates](https://www.pepco.com/ApplianceRebates).
